

Love Covered Strawberries

You'll Need:

- 1 pound of red strawberries
- 4 ounces of dark chocolate (in small pieces)
- 2 ounces of pecans chopped and crushed

Directions:

- Ensure that the strawberries have first been washed and dried
- Next on low heat, add chocolate to a sauce pan and begin to melt chocolate.
- Continue to stir the chocolate until the pieces have melted
- You can now either drizzle or dip your strawberries in the chocolate
- Once dipped, to prevent the chocolate from sticking everywhere lay the strawberries carefully upside down on parchment paper
- When the strawberries are all covered, sprinkle the pecan crumbs over the strawberries
- After this step, arrange the strawberries into a container with some space
- You can place the strawberries into the freezer for about 10 minutes, then the refrigerator for 15-20 mins.
- Lastly, as the chocolate hardens you can gift, share, or enjoy!
